Status Report (June 2011)

Submitted to board@ June, 12th 2011

Sling is an OSGI-based scriptable web framework that uses a Java Content Repository, such as Apache Jackrabbit, to store and manage content.

There are no issues which require board attention at the moment.

Community

- Felix Meschberger stepped down as VP Apache Sling.
- Carsten Ziegeler voted to be proposed as the new VP Apache Sling
(see Special Order A. Resolution to change the Apache Sling Chair)
