Precommit Testing

Sentry provides precommit testing. A patch uploaded to a JIRA will be tested by SentryQA under the following conditions:

- The JIRA is "Patch Available"
- The name of the JIRA matches SENTRY-([0-9]+)(/.[0-9]+)?(\-branch)?.patch
    - SENTRY-123.patch
    - SENTRY-123.1.patch
    - SENTRY-123-db_policy_store.patch
    - SENTRY-123.1-db_policy_store.patch
