

# Mailing Lists

## Project Mailing Lists

OpenJPA mailing lists for users, developers and committers are hosted by [Nabble](#) forum. You can view the current posts, subscribe or unsubscribe, post messages or browse the archives.

| View Recent Posts                      | Subscribe                         | Unsubscribe                         | Post a Message          | Browse Archive                                                        | Feeds               |
