Tutorials (in progress)

On this page, you can create additional tutorials.

> ⓘ **How to start a new tutorial?**
>
> First, click on the 'Add Page' link on the top right and afterwards select the `Tutorial` page template. This gives you an easy to use template page to get started with.

> ⓘ **When a tutorial is done...**
>
> ...just change the `Location:` of the page to `Apache ServiceMix  Tutorials` to 'publish' them.

Work in progress

- 4. Beginner - Web services with ServiceMix and CXF
- 8. Intermediate - How to write my own binding component
