

Status Report September 2017

September Board Report (SUBMITTED 06-SEP-2017) Apache Sling is an OSGI-based scriptable web framework that uses a Java Content Repository, such as Apache Jackrabbit, to store and manage content.

There are no issues which require board attention at the moment.

Community

Good activity level overall, contributions from different people continue. Finally released Sling 9.

One new committer elected: Nicolas Peltier (June) (last committers change was in June 2017 with one new committer elected), no new PMC member (last PMC change was in October 2016 with one new PMC members elected).
