Developer's Notes

Releases

Documentation on how to perform releases is now part of the Continuum web site documentation.

Previous Release Diaries

These notes may be helpful if you are stuck.

- Continuum 1.2.0 Release Diary
- Continuum 1.2.1 Release Diary
- Continuum 1.2.2 Release Diary

Working with Continuum

- How to make safe Model Changes
- Requirements to honour
- How to migrate from Plexus Maven Plugin to Spring Annotations
- Working with Selenium Tests

User Stories

A collection of User Stories that exist or are to be implemented (duplicated in Roadmap and/or JIRA) is available.
