

Upgrade from 2.0.0 to 2.0.1

1. POM
2. Other

POM

In the root `pom.xml`:

- change `parent/version` from `2.0.0` to `2.0.1`
- change `properties/syncope.version` from `2.0.0` to `2.0.1`

Other

Replace the following files with their 2.0.1 counterparts (re-apply any customization previously made):

- `enduser/src/main/resources/enduser.properties`
- all files under `enduser/src/main/webapp/app/`
