

Eclipse Compiler Settings

Java compiler settings

Here's a proposal for Eclipse compiler settings for the UIMA source code (see [EclipseCompilerSettings.doc](#)). Discussions on uima-dev@incubator.apache.org.

Source code formatting settings

For Eclipse settings for "formatting" the code, please see <http://incubator.apache.org/uima/codeConventions.html>; there is a link on that page near the bottom to a download that will set up your Eclipse settings to conform to the UIMA code standards.
