

Status Report September 2016

September Board Report (SUBMITTED 2016-09-06)

Apache Sling is an OSGI-based scriptable web framework that uses a Java Content Repository, such as Apache Jackrabbit, to store and manage content.

There are no issues which require board attention at the moment.

Community

Good activity level overall, contributions from different people continue.

One new committer (Timothee Maret) (last committers change was in March 2015 with three new committers elected), one new PMC member in March 2016 (Radu Cotescu) (last PMC change was in October 2015 with one new PMC members elected).
