

# Who's Who

List of people working on Apache NetBeans (incubating). The purpose of this page is for everyone to know a little bit about each other. Maybe those with a similar location and/or areas of interest can get together or have hangouts, etc.

**Please add your details alphabetically based on first name.**

Right now, only those listed on this page are committers:

<https://wiki.apache.org/incubator/NetBeansProposal>

If you are interested in contributing, read more in [How to Participate](#).

|    | First Name | Last Name    | Apache ID       | Location                  | Company                   | Area(s) of Interest  | Role              | Social Media  | Notes |
