

# April report

## ## Description:

Sentry is a highly modular system for providing fine grained role based authorization to both data and metadata stored on an Apache Hadoop Cluster.

## ## Issues:

Waiting for Infra to give committers/PMCs website permissions

## ## Activity:

Community is doing post graduation activities: Moved most of the infrastructure. Roster, LDAP and board documents are upto date. New PMCs are subscribing to private@. Final website/wiki edits pending.

Conferences/ BlogPosts: Community was part of the Hadoop security tutorial at Strata covering Authorization in Hadoop. We also did a blogpost on Apache post graduation summarizing the community and project developments.

Development: Following are the major buckets of work going on in the community:

Kafka integration

Improvements to HDFS Sentry sync

Hive Auth V2

Solr Integration improvements

Refactoring to make integrations easy and quick.

Quality improvements: Bug fixes, test improvements.

## ## Health report:

There has been an increase in overall activity: Subscribers, Email traffic, Jiras.

## ## PMC changes:

- Currently 31 PMC members.
- 9 committers have joined PMC during graduation last month along with 22 PPMCs.

## ## Committer base changes:

- Currently 31 committers.
- No changes (the PMC was established in the last 3 months)

## ## Releases:

1.6.0 incubating release was made on Sep 21, 2015

Community is preparing for 1.7.0 release with a new RM.

## ## Mailing list activity:

New mailing list issues@ has been created for jira traffic.

- [dev@sentry.apache.org](mailto:dev@sentry.apache.org):

- 80 subscribers (up 3 in the last 3 months):
- 651 emails sent to list (407 in previous quarter)

- [issues@sentry.apache.org](mailto:issues@sentry.apache.org):

- 9 subscribers (up 9 in the last 3 months):
- 100 emails sent to list (0 in previous quarter)

## JIRA activity:

- 179 JIRA tickets created in the last 3 months
- 113 JIRA tickets closed/resolved in the last 3 months
