Struts 2 Wiki Home

The Struts 2 Wiki is a **community-supported** resource. To contribute to the wiki space, simply create a [CWIKI Confluence](#) account.

The S2 Wiki space is not bundled with the Struts 2 distribution, but it is still an exciting and valuable community resource! Visit the [Struts 2 Documentation](#) space for the official project documentation!

Here is a list of pages at the top level of this wiki:
