

Supported Operating Systems

Below is a list of compilers and operating systems which Traffic Server supports. If applicable, any 'cloud' variants will be noted below the official dedicated listings. We appreciate updates to this as more and more people test and use this on other platforms.

Compiler	Version
GCC	>= 4.9
Clang	>= 3.0

OS
RHEL/CentOS 6 - 7
Fedora 26 - 27
Ubuntu 14.04 - 17.10
Mac OSX 64bit 10.13.3
FreeBSD 11
