

Extending Syncope

Version Warning

The content below is for Apache Syncope <= 1.2 - for later versions the [Reference Guide](#) is available.

Syncope behavior can be customized and extended in many ways.

- [AttributeValidatorClass](#)
- [Install connector bundles](#)
- [PropagationActionsClass](#)
- [PushActionsClass](#)
- [ScheduledTaskJobClass](#)
- [SyncActionsClass](#)
- [SyncJobActionsClass](#)
