

# Download Archives

## Download archives

You can use the Apache Archives to download all the Camel releases.

- <http://archive.apache.org/dist/camel/apache-camel/> - All release since Camel became a top level Apache project
- <http://archive.apache.org/dist/activemq/apache-camel/> - For old 1.x releases when the Camel project was a sub-project of Apache ActiveMQ

Downloading

The links below contains the release notes for all the Camel release. However if you want to download the release, you **must** use the download archives, which is the two links above.
