Apache Camel 2.24.1 Released

The Camel community announces the immediate availability of Camel 2.24.1. This the first patch release for the Camel 2.24.x maintenance branch and contains 22 fixes applied in the past few weeks by the community.

The artifacts are published and ready for you to download either from the Apache mirrors or from the Central Maven repository. For more details please take a look at the release notes.

Many thanks to all who made this release possible.

On behalf of the Camel PMC,
Gregor Zurowski
