

# External Integrations

The page contains the list of all the external projects that integrate with Apache Ignite by referring to its artifacts in Maven configuration files or including Ignite binaries in projects' deliverables.

One of the main purposes of the page is to track such integrations and maintainers (contact persons) from Ignite side who should update remote parties when it's time to renew Ignite version on their side.

## Apache Zeppelin

- Ignite side maintainer (contact person): Andrey Gura ([agura@apache.org](mailto:agura@apache.org))
- Documentation on Ignite side: <https://apacheignite-mix.readme.io/docs/apache-zeppelin>
- Documentation on Zeppelin side: <https://zeppelin.apache.org/docs/0.6.2/interpreter/ignite.html>
- Latest Ignite version used (2.1.0): <https://github.com/apache/zeppelin/blob/master/ignite/pom.xml>

## Apache Camel

- Ignite side maintainer (contact person): Raul Kripalani ([raul@apache.org](mailto:raul@apache.org))
- Documentation on Ignite side: <https://apacheignite-mix.readme.io/docs/camel-streamer>
- Documentation on Camel side: <https://camel.apache.org/ignite.html>
- Latest Ignite version used (1.9.0): <https://github.com/apache/camel/blob/master/parent/pom.xml>

## Vert.x

- Ignite side maintainer (contact person): Andrey Gura ([agura@apache.org](mailto:agura@apache.org))
- Documentation on Ignite side: N/A
- Documentation on Vert.x side: <http://vertx.io/docs/vertx-ignite/java/>
- Latest Ignite version used (2.1.0): <https://github.com/vert-x3/vertx-ignite/blob/master/pom.xml>

## MyBatis

- Ignite side maintainer (contact person): Roman Shtykh ([rshtykh@yahoo.com](mailto:rshtykh@yahoo.com))
- Documentation on Ignite side: <https://apacheignite-mix.readme.io/docs/mybatis-l2-cache>
- Documentation on MyBatis side: <http://www.mybatis.org/ignite-cache/>
- Latest Ignite version used (2.1.0): <https://github.com/mybatis/ignite-cache/blob/master/pom.xml>
