Upload builds to SF mirrors	25 Sep 2016	01 Oct 2016	✓	Andrea Pescetti	Copy requires just a few hours, with the normal rsync instructions shown; note: project name has changed since 4.1.2 and now the rsync target must be written as username@frs.sourceforge.net : /home/frs/mirror/openofficeorg/4.1.3/ Make sure it's going into a "staged" directory
Move builds to ASF Dist server (dist area)	10 Oct 2016	10 Oct 2016	✓	Patricia Shanahan	
Make sure builds are on the ASF Archive server	11 Oct 2016	11 Oct 2016	✓	Andrea Pescetti , Marcus Lange	Hash files must not be stored on public servers but only on ASF servers
Sourceforge: Update to "Latest Version"	13 Oct 2016	13 Oct 2016	✓	Marcus Lange	Set the attribute "Latest Version" to all full installation files for every platform
Update Feed: New check. Update for the aoo413 area	17 Oct 2016	Calendar week 43 ?		Andrea Pescetti	The update notification will create a high load on the mirror servers as a lot of users will then update their AOO installation. This must be avoided . Therefore this task has to be done always some days after the release .
