

HBase

HBase: Bigtable-like structured storage for Hadoop HDFS

HBase has an awesome community resource in our [online book](#). It's maintained and looked after with diligence. In contrast, the below Wiki content has not been updated since 2012.

For that reason, the Wiki has been deprecated (see [HBASE-14481](#)). **Please update your links.** You can find historical pages (which have been updated to give the new links to the relevant content) below.

Obsolete/Stale
