

# Tests in Testsuite

## Stale Content

The content of this page is growing stale and may or may not contain relevant, useful or correct information.

The following table is a list of the tests that are currently available in `geronimo/testsuite` and a wishlist of the tests that needs to be added.

The source for the Geronimo Testsuite can be found [here](#)

The results of the tests have been published [here](#). You can see the individual tests for each suite on the results page.

The wiki page for how to create and execute tests is [here](#).

Suite	Tests	No. Tests	Comments
<b>console-testsuite</b>		<b>38</b>	
	basic	38	basic tests which validate login/logout, check links and verify pages and portlets.
	advanced		need advanced tests to perform functions using the console.
<b>deployment-testsuite</b>		<b>3</b>	<a href="#">GERONIMO-1860</a>
	basic-deployment	2	
	manifest classpath	1	
	hot-deployment		
<b>web-testsuite</b>		<b>6</b>	
	servlets	2	filtering multiple servlets with * broken. <a href="#">GERONIMO-2664</a> annotation implementation from spec missing. <a href="#">GERONIMO-2651</a>
	JSP	4	JSP error. <a href="#">GERONIMO-2650</a>
	JSF		
	JSP Debug		
	JSTL		
<b>enterprise-testsuite</b>		<b>554</b>	
	EJB	552	Need to move up to tests in OpenEJB 3.0. Some of the OpenEJB 2.3 tests are broken. But there is no point in fixing those now.
	JMS	1	
	JPA	1	
	Annotations		
	JAF 1.1		
	JTA 1.1		
	JCA 1.5		
	JavaMail 1.4		
	JACC 1.1		
<b>webservices-testsuite</b>		<b>16</b>	
	JAXB	4	
	STAX	4	
	JAXWS	2	
	JAXR	4	
	JAXRPC	2	
<b>security-testsuite</b>			
<b>clustering</b>			
<b>plugin model</b>
