September 2018 Report

Xerces-J

With help from the community Xerces-J 2.12.0 was published to Maven Central in June. There have been a few minor fixes and improvements made since the last release. Most of the project activity has been mailing list discussion in the last quarter.

Mailing list traffic has been moderate; roughly 190+ posts on the j-dev and j-users lists since the beginning of May 2018.

No new releases since the previous report. The latest release is Xerces-J 2.12.0 (April 30th, 2018).

Xerces-C

A number of fixes and improvements have been made since Xerces-C 3.2.1. The developers have been working on making a 3.2.2 release and started voting on a release candidate last week.

Mailing list traffic has been low; roughly 70+ posts on the c-dev and c-users lists since the beginning of May 2018.

No new releases since the previous report. The latest release is Xerces-C 3.2.1 (February 28th, 2018).

Xerces-P

Nothing in particular to report. There was no development activity over the reporting period.

XML Commons

No activity over the reporting period.

Committer / PMC Changes

The most recent committers were added in April 2017 (Xerces-C) and May 2017 (Xerces-J).

No new PMC members since the last report. The most recent addition to the PMC was in June 2016.

Three committers have committed changes to SVN since May 2018.

Apache Project Branding Requirements

The Xerces logo was updated in June to include a "TM" symbol. We have no further actions for branding and so will be dropping this section from future reports.
