

EL TCK (3.0 & 4.0)

Download one of the following:

- Jakarta EE 8 (Tomcat 9.0.x): <http://download.eclipse.org/ee4j/jakartaee-tck/jakartaee8/promoted/expression-language-tck-3.0.0.zip>
- Jakarta EE 9 (Tomcat 10.0.x): <https://download.eclipse.org/ee4j/jakartaee-tck/jakartaee9/promoted/expression-language-tck-4.0.0.zip>
- Jakarta EE 9 (Tomcat 10.0.x): <https://download.eclipse.org/ee4j/jakartaee-tck/jakartaee9/nightly-910/expression-language-tck-4.0.1.zip>

Extract to EL_TCK_HOME

Edit \$EL_TCK_HOME/bin/ts.jte

You'll need to set the following properties (adjust the paths for your environment)

```
el.classes=/home/mark/repos/asf-public/tomcat/trunk/output/build/lib/el-api.jar:/home/mark/repos/asf-public/tomcat/trunk/output/build/lib/jasper-el.jar
```

```
variable.mapper=org.apache.el.lang.VariableMapperImpl
```

Run `ant gui`

Accept the defaults and then run the tests

Expected results

A default 10.0.x build (as of 10.0.5) with the above configuration and the 4.0.1 TCK triggers no test failures with the following JRE(s):

- Adopt OpenJDK 11.0.10 b9
