S4 Apache mailing lists

> ⚠️ **Warning**
>
> Old s4 mailing lists in google groups are deprecated. Please use the following instructions to subscribe to Apache S4 mailing lists
>
> Old user mailing archives are available at : http://groups.google.com/group/s4-project

> ✅ **Tip for participating to the mailing list**
>
> If you are not used to participate to open-source projects mailing lists, please consider these recommendations first, that will really help us to ... help you!
> http://www.apache.org/dev/contrib-email-tips.html

The new S4 mailing lists are:

Users (the list for general questions about S4 and questions on how to use the platform):

Subscribe to the user list by sending an empty message to:

s4-user-subscribe@incubator.apache.org

Archives: http://mail-archives.apache.org/mod_mbox/incubator-s4-user/

Developers (questions related to the development of the platform):

Subscribe to the user list by sending an empty message to:

s4-dev-subscribe@incubator.apache.org

Archives: http://mail-archives.apache.org/mod_mbox/incubator-s4-dev/

Commits (git commits to the Apache S4 repository)

Subscribe to the user list by sending an empty message to:

s4-commits-subscribe@incubator.apache.org

Archives: http://mail-archives.apache.org/mod_mbox/incubator-s4-commits/
