

Upgrade from 1.1.2 to 1.1.3

1. [Source changes](#)
 1. [POM](#)
2. [Internal storage changes](#)
 1. [Search views](#)

Source changes

POM

In the root `pom.xml`:

- change `parent/version` from `1.1.2` to `1.1.3`
- change `properties/syncope.version` from `1.1.2` to `1.1.3`

Internal storage changes

Search views

No action is required if starting with an empty database as internal storage.

1. Remove any pre-existing search view from internal storage:

```
DROP VIEW user_search;  
DROP VIEW user_search_attr;  
DROP VIEW user_search_membership;  
DROP VIEW user_search_resource;  
DROP VIEW role_search;  
DROP VIEW role_search_attr;  
DROP VIEW role_search_resource;  
DROP VIEW role_search_entitlements;
```

2. Create new search views by extracting SQL statements [from this file](#).
