# Set up your IDE

## Import settings and templates

### Eclipse

- Install the checkstyle plugin via the Eclipse Marketplace
- Import checkstyle settings from *etc/buildtools/src/main/resources/camel-checkstyle.xml*
- Import the formatter from *etc/eclipse/CamelCodeFormatter.xml*
- Import code templates from *etc/eclipse/camel_java_templates.xml*, *etc/eclipse/camel_xml_templates.xml*, *etc/eclipse/codetemplates.xml*

### IntelliJ IDEA

- Import settings from **etc/idea/settings.jar**
