

# Apache Camel 2.11.3 Released

The Camel community announces the immediate availability of the new patch release Camel 2.11.3. A bit later than planned, the 2.11.3 release contains a total of 116 fixes applied in the past 3+ months by the community on the Camel 2.11.x maintenance branch.

The artifacts are published and ready for you to [download](#) either from the Apache mirrors or from the Central Maven repository. For more details please take a look at the [release notes](#).

Many thanks to all who made this release possible.

On behalf of the Camel PMC,  
Hadrian
