

# Apache Camel 2.13.0 released

The Camel community announces the immediate availability of the new major release Camel 2.13.0. This release contains a total of 480 fixes applied in the past 6 months by the community on the Camel 2.13.x maintenance branch.

The artifacts are published and ready for you to [download](#) either from the Apache mirrors or from the Central Maven repository. For more details please take a look at the [release notes](#).

Many thanks to all who made this release possible.

On behalf of the Camel PMC,

Willem
