Major Discussions

Andrea Pescetti proposed to persist translations of OpenOffice suite & help(?), even if not %100 complete, at least in minor releases. This would allow continuity, across updates, for users. Voting hasn't occured yet, but... stay tuned.

Hey, we have a refurbished Hebrew site! Any Arabic translators out there, who'd like to use the rtl.css, for an Arabic translation of the site, too?

OpenOffice in the News

"The free office suite with enough to get the job done" is the summary in Eddie Cho's review of Apache OpenOffice on **CNet.com**.

Events and Conferences

Presentations and videos from FOSDEM 2014 are now available.

Use Cases, Questions and Answers

Several people reported that their OpenOffice downloads had malware. users & developers supplied a simple answer: "download only from openoffice.org." Is there any other action we could take?
