

Upgrade from 1.1.7 to 1.1.8

1. [Source changes](#)
 1. [POM](#)
2. [Internal storage changes](#)

Source changes

POM

In the root `pom.xml`:

- change `parent/version` from 1.1.7 to 1.1.8
- change `properties/syncope.version` from 1.1.7 to 1.1.8

In `console/pom.xml`:

- find and remove

```
<dependency>
  <groupId>org.seleniumhq.selenium.client-drivers</groupId>
  <artifactId>selenium-java-client-driver</artifactId>
  <scope>test</scope>
</dependency>
```

Internal storage changes

If not starting with an empty database, the following changes are needed:

SYNCOPE-507

Create a new general configuration parameter `log.lastlogindate` with value:

- `true` - if you want to keep the current behavior, e.g. update the last login date for each user upon successful authentication
- `false` - if you want to ignore such information (speeds up authentication performance)
