

4.1.0 Configuration Definitions

Work In Progress!

These docs are still work in progress and will be made available soon!

The following sub-sections describe all the elements and properties that are used in Apache Stratos configurations.

- [4.1.0 Configuring autoscaler.xml](#)
- [4.1.0 Configuring cartridge-config.properties](#)
- [4.1.0 Configuring cloud-controller.xml](#)
- [4.1.0 Configuring setup.conf](#)
- [4.1.0 Configuring master-datasources.xml](#)
