

Examples

Struts 2 is based on the WebWork 2 codebase, and so we include links to WW applications here too.

Struts2 Examples Apps

- Examples at [Github](#)
- [Struts2 Quickstart with Maven Archetypes](#)
- [Struts2 jQuery Showcase](#)
- [Struts2 Bootstrap Showcase](#)

Simple HOWTOs

- [Chat Application](#)
- [SimpleLogin with Session](#)

Powered with ...

- [AppFuse](#) shows you how to get started [quickly](#) with WebWork, Spring, and Hibernate.
 - [Equinox](#) is a simpler version of AppFuse.
- [EclipseWork's example application](#) - Simple CRUD application WW2, Prevayler and Freemarker.
- [Hibernate's example application](#)
- [Hibernate's adminapp](#) updated to use WW2.2, Hibernate3.1 and WW's new Spring2 IoC.
- [Petsoar](#)
- The current [Quartz sample web application](#) also uses WW2.
