

Apache BigData Budapest, 2015

Apache Bigtop Workshop - Budapest

Overview

This document will act as point of information and coordination for all folks participating and helping with the first official Apache Bigtop Workshop being held in Budapest on September 25th. The event coincides with the Apache Big Data / Core events the week of September 28th also in Budapest.

When: September 25th, 3pm-10pm

Where: Prezi House of Ideas

Website: <http://workshops.bigtop.rocks>

Registration: <https://www.eventbrite.com/e/bigtop-workshop-budapest-tickets-18600916843>

Event Location

The event will be held at House of Ideas, graciously handled and supported by local hosts at Prezi.

A video for the venue for previous developer event can be found here:
