Periodic Blogs and Videos

Current Blogs and Podcasts can be found on The Aria Open Source Podcast and on our Aria YouTube Channels:

https://soundcloud.com/theopensourcepodcast/sets/the-aria-tosca-podcast

https://www.youtube.com/channel/UCbgS256yWikQm8QM1FT6d5w/videos

This section contains future scheduled blogs, videos, as well as a space for suggestions for future ones.

Future Blog Ideas

Feel free to post ideas for future blog/podcasts here:

1. Thursday, November 15, 2017
    a. Tom/Tal - Getting To Know AriaTosca
       This will be a discussion that highlights some of the history around the project, as well as what AriaTosca is.
2. Wednesday, December 6, 2017
    a. Tom/Tal/Arthur - The History of The Aria Project and how it came to be.
3. Request for 10-15 minute discussion on sections from the TOSCA spec.
    a. Date & Owner: TBD
4. Developer Experiences
5. Getting Started Step-by-step Tutorial
6. Using Docker Containers with Aria
    a. Vish/Tom - Date TBD
