

Open Issues by Component (Unscreened)

This document presents open, unresolved Jira tickets whose fix version is currently unset by Component. It may be useful toward screening issues in/out of the milestone, and for tracking completion as we make progress. As of 11/17/18, it is incomplete pending assignment of a fix version (and/or punting for many open issues).

The JQL backing this report is in the form of:

```
project = CASSANDRA AND resolution = Unresolved AND component = "COMPONENT_NAME" AND fixVersion is empty ORDER BY id DESC
```
