

JavaScript / Node.JS

- <https://github.com/apache/couchdb-nano> - officially maintained by the Apache CouchDB team 😊
- <https://github.com/IBM/cloudant-node-sdk> - IBM Cloudant's Apache 2 licensed official client library that is also compatible with Apache CouchDB
- <https://github.com/pouchdb/pouchdb> (can be thought of as a client)

Older and/or outdated clients:

- <https://github.com/cloudant/nodejs-cloudant>
- <https://github.com/tmpfs/rlx>
- <https://github.com/flatiron/cradle>
- <https://github.com/benoitc/noddycouch/>
